## POWER

To Be Granted to the New French Officials Will Be Unlimited

MINISTERS WILL RESIGN

Premier Briand Consults With Prominent Business Men of French Republic Regarding New Officials Who Will Be Appointed—War Council Patterned After England's

(ASSOCIATED PRESS TELEGRAM)  
Paris, Dec. 11.—Premier Briand was busy all day Sunday seeing not only politicians but prominent business men and manufacturers in view of the new combination to facilitate which all the ministers and under secretaries will hand in their resignation. In the meantime, according to the Matin, the reorganization of the higher command in the army being an essentially administrative question, will not be settled until after the new government makes its bow in the chamber of deputies on Tuesday and is endorsed by a vote of confidence.  
"In addition to forming a war council of five ministers on the model of that of England," continues the Matin, "Premier Briand has decided in the interest of the economic organization of the country to throw the old administrative machine into the melting pot and oblige all ministerial departments, hitherto congealed in superannated methods, to get in line with the rest of the country, which is freely spending its blood and gold.  
"In the course of conversations he had with prominent men on Saturday and Sunday, Premier Briand announced that he intended to give a free hand to the ministers, under secretaries and directors forming part of the new ministry. The most absolute powers will be granted to them and, if it is found that the methods meet resistance or that certain habits are persisted in, these powers will be still further increased and drastic measures taken. The composition of the new cabinet will clearly show the new spirit. It will be the most complete possible reconstruction, as will be seen when their names are published."

## UNITED MINE WORKERS CAST BALLOTS TUESDAY

(ASSOCIATED PRESS TELEGRAM)  
Indianapolis, Dec. 11.—Members of the United Mine Workers of America, numbering 400,000 coal miners in the United States and Canada, will vote tomorrow for officers at the biennial election of the union. John P. White, president who is a candidate for re-election, was opposed by John J. Walker, of Illinois. William Green, of Ohio secretary, also a candidate for re-election, was opposed by J. L. Sims, of Linton, Ind. Frank J. Hayes, vice president, had no opposition. Returns of the vote from 3,500 local unions will be tabulated in the international headquarters here. The result of the election will be known about January 1.

## Navy Hospital Ship Will Surpass All of Its Kind

(ASSOCIATED PRESS TELEGRAM)  
Washington, Dec. 11.—The projected navy hospital ship, construction of which has been authorized will be first vessel designed and built for this purpose by any nation, according to surgeon General Braested, whose annual report was made public today. Every convenience of an up-to-date shore hospital has been provided for and provision will be made to accommodate 300 patients in peace times and 500 in war. She will carry special stabilizers to minimize rolling and pitching, laboratories for surgical and medical work, complete X-ray equipment and, in the holds, a full shore going hospital outfit including ambulances.  
"When completed," the report says, "it is believed the ship will represent a model ship of this class for many years to come and her usefulness may well be expected to continue during the life time of those who had a hand in her designing." A slight increase in both hospital admissions and death rate in the navy for the year is shown by the report.

## NONE OF YOUR BUSINESS.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Dec. 11.—Germany's reply to the Swiss note regarding the deportations in Belgium has been received, according to information from Bern. It is most politely worded, the dispatches say, but nevertheless makes it clearly understood that Switzerland has no ground for interfering with events in Belgium unless her own interests are affected.

## FOUR PLANES BROUGHT DOWN.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Dec. 11.—Four German airplanes were brought down yesterday, two of them on the Verdun front and two in the Champagne, the war office announced.  
Intermittent cannonading occurred south of the Somme last night.

## WILL HIS TESTIMONY SAVE RAE TANZER?

New photographs of Rae Tanzer and Charles H. Wax.

Charles H. Wax, who posed as "Oliver Osborne" to Rae Tanzer and fled when she sued James W. Osborne of New York for breach of promise, thinking James Osborne was Oliver, is to be the chief witness at Miss Tanzer's coming trial for perjury in New York. If she can make the jury believe that she was justified in mistaking the real Osborne for the fictitious one, she probably will be freed.

## KISSED

HANDS OF KING GEORGE AS THEY RECEIVED SEALS OF CABINET OFFICERS.

Split Develops in Labor Party and Nationalists Will Determine Attitude at Tuesday Meeting.

(ASSOCIATED PRESS TELEGRAM)  
London, Dec. 11.—Andrew Bonar Law and the other members of the ministry who are required to seek re-election on assumption of office, and also the lords who are co-operating with the new administration, went to the palace at noon today, kissed the hands of the king and received their seals of office. The members of the cabinet who must be re-elected, unless the house of commons passes a bill asking this unnecessary, and the ministers who are members of neither house, for whom seats must be found, are taking over their offices and will conduct them as though all official formalities had been complied with. These members, however, will not be able to appear before the house of commons tomorrow, and it is expected the session will be a formal one. The statement concerning the government's policy to be made by Lloyd George or Bonar Law in the house of commons and Lord Curzon in the house of lords, probably will be postponed until Thursday, when the vote of credit is moved.  
A strong policy in regard to the control of shipping, mines, food and man power is looked for.  
Former Premier Asquith and his followers will occupy opposition benches to the left of the speakers. The Independent Labor party, whose members are avowed peace advocates, also will cross to the opposition side, thus creating a visible split in the labor party in opinion on current issues.  
The Nationalists will decide their attitude at a meeting called for tomorrow. It is probable they will press the Irish claims with emphasis, demanding immediate changes in the Irish administration and the release of Irishmen arrested during the rebellion.

**Young Brides In Suicide Pact But Both Will Recover**  
(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Dec. 11.—Two young brides, Mrs. Edna Heston, 17, and Mrs. Ethel Flick, 18 were in a hospital today suffering from the effects of poison. Police say the young women took poison early this morning after they had agreed to kill themselves, following a disagreement with their husbands. Police say that late last night both men discussed the divorce question with their wives. Shortly afterwards the two women swallowed poison in Mrs. Flick's bedroom. Physicians say both women will recover.

## U. S. SAILOR KILLED.

(ASSOCIATED PRESS TELEGRAM)  
Upper Sandusky, O., Dec. 11.—Joe Reine, 28, a sailor in the U. S. navy was killed by a train here today.

## TEUTONS

Stopped by Rumanians North-east of Bucharest, Petrograd Reports

BULGAR ARMY A MENACE

Russians Continue Assault Against Frontier Line and May Yet Threaten Supply Line of Austro-German Armies In Hungary—Little Activity Reported On Other Battle Fronts

Events on the European battlefields are summarized from reports from capitals to the Associated Press as follows:  
Indications today point more strongly than ever to the probability that the new defensive line of the Rumanians, following their retreat from Bucharest, will be drawn along the Buzeu river, forming the southern boundary of their northern province of Moldavia.

Additional reports from Petrograd indicate a considerable measure of success by the Rumanian northern army in holding up the Teutonic advance northeast along the railroad from Ploechti, north of Bucharest, to the town of Buzeu, located at about the center of the Buzeu river line which stretches eastward to the lower reaches of the Danube.  
It is necessary to the apparent purpose of the Rumanians for them to prevent an Austro-German advance here until the Rumanian forces further south in eastern Wallachia, retreating from the region between Bucharest and Tchernavoda have reached the Buzeu river line, unless indeed, the Rumanian military authorities have decided to retain a hold on more of eastern Wallachia than it now seems their purpose to defend. These Rumanian forces are threatened not only by Field Marshal von Mackensen's Danube army but by new contingents of Bulgarians which have crossed the Danube between Silistria and Tchernavoda.  
Meanwhile the Russians are hammering away at the Austro-German lines on the western frontier of Moldavia and report making headway in the valleys running toward the west. Their object apparently is not only to hold the Moldavian frontier safe, but possibly to achieve an eventual success in breaking well through into Hungary and cutting in behind the Austro-German supply lines leading into Rumania from the north.

There has been little fighting of an important nature on the other fronts. In Macedonia, the Serbians report having driven the Bulgarians back in one sector northeast of Monastir. On the French-Belgian front little have developed beyond intermittent artillery activity in the Somme area and aviation operations on a considerable scale.  
David Lloyd George, the new British premier, is ill, suffering from a severe chill, and has postponed his speech in the house of commons which it had been planned for him to deliver on Tuesday, outlining the policy of the new government. The speech probably will be made on Thursday.

**LEFT OUT OF WILL MAN KILLS HIS WIFE AND HIMSELF**  
(ASSOCIATED PRESS TELEGRAM)  
Akron, Dec. 11.—Grant Furry, a laborer in the Ohio Injector works at Wadsworth, near this city, killed his wife and then himself last night, it was discovered this morning when a daughter, Imogene, found both lying in bed with bullet holes through their temples. Furry's mind was unbalanced, it is believed. His wife and children received legacies from the estate of Charles Ettinger of Chicago several weeks ago, as he received none.

## WARNING AGAINST OIL.

(ASSOCIATED PRESS TELEGRAM)  
Lorain, O., Dec. 11.—As a result of the deaths within a month of two women who were burned in explosions of kerosene, city officials are today conducting a campaign of education, warning housewives against the use of coal oil in kindling fires.

## SECOND BRIDGE VICTIM.

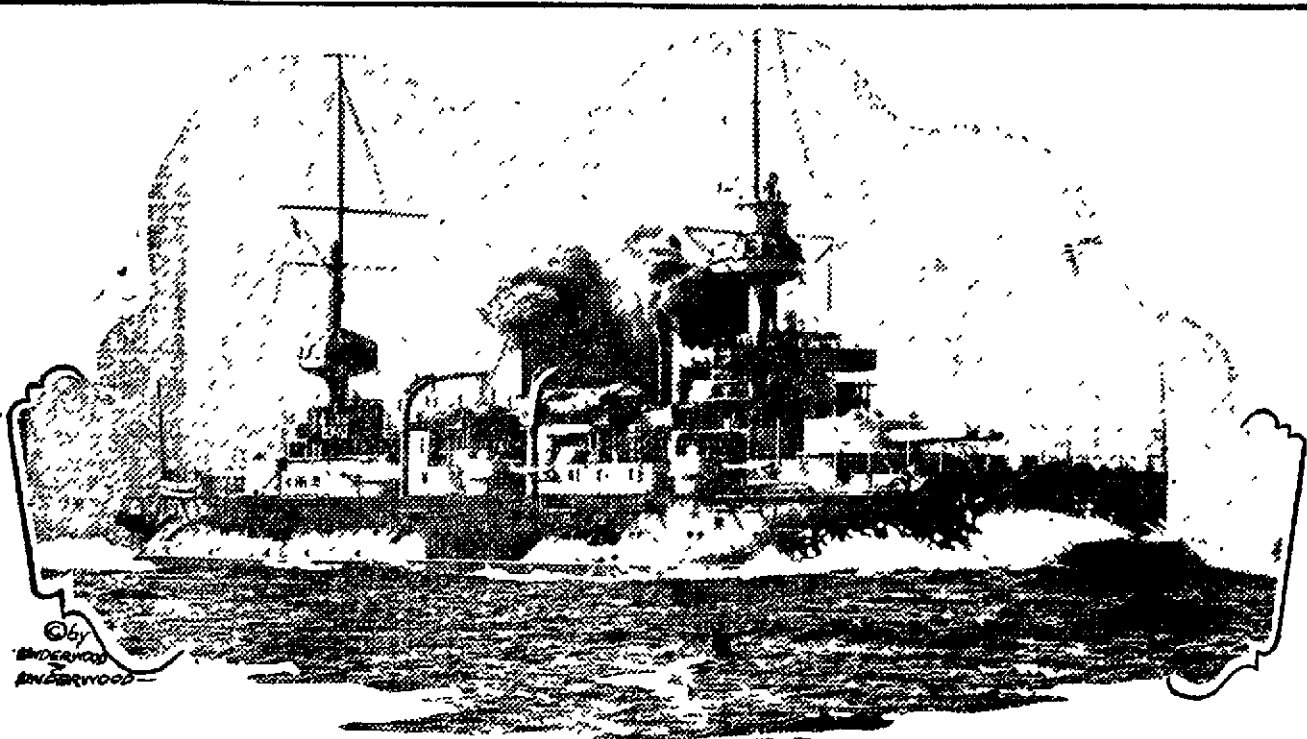

(ASSOCIATED PRESS TELEGRAM)  
Portsmouth, O., Dec. 11.—Making the second victim in 48 hours, E. C. Jakes, 30, of Antigo, Wis., fell off the new Chesapeake and Ohio Northern bridge here today and was almost instantly killed.

## DOYD-GEORGE IS ILL; MUST STAY INDOORS.

(Associated Press Telegram)  
London, Dec. 11.—Premier Lloyd George is ill. He was unable to go to Buckingham palace today with members of his cabinet to receive the seals of office from King George.

Official announcement was made that the premier was suffering from a severe chill and that on the advice of his physicians he was remaining indoors today.

## FRENCH BATTLESHIP IS VICTIM OF GERMAN TORPEDO

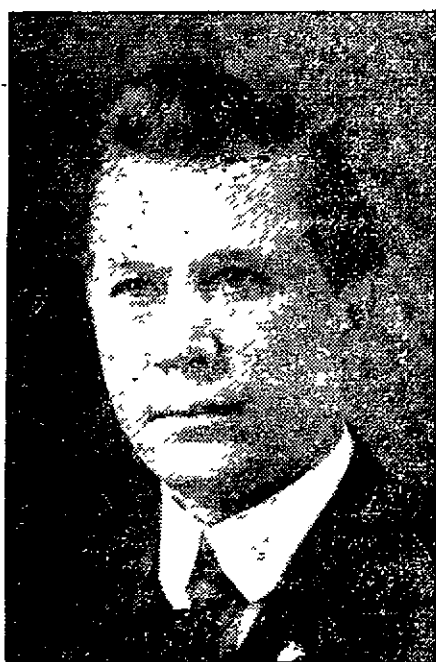

The Suffren. The French battleship Suffren, 12,750 tons, is the latest allied war craft to be the victim of German torpedoes. The vessel carried a complement of 718 men, and all were lost.

## RICHTER

AGAIN WINNER IN SUIT TESTING VALIDITY OF ORDINANCE WHICH REMOVED HIM.

Court Holds Council's Ordinance Not Legal and Affirms Decision of Common Pleas Court.

The court of appeals in a decision handed down this morning, sustains the common pleas court in the case of James Richter, former patrolman, who lost his position when a new ordinance was passed by the city council which reduced by five, the number of patrolmen employed on the city police force. Richter again wins the case by this new decision. The court in giving its decision declared that only one question was involved

JAMES RICHTER.

Former city patrolman won decision in Court of Appeals restoring him to the force.

In the litigation and that was whether the ordinance in question was properly and legally passed by the city council. The decision indicates that it was not.

This ordinance was prepared and introduced as an emergency measure. When it was voted upon for final passage it did not have a sufficient number of votes to put it into effect as an emergency measure, though the majority of votes recorded in its favor, would have passed the measure had it been introduced as an ordinary measure. Those back of the ordinance then allowed it to become effective as an ordinary measure.  
Richter, John Jones and Martin Shively lost their positions by reason of the ordinance. Later, Jones was reappointed as a patrolman and Shively and Richter sued to test the validity of the ordinance. Richter's case was appealed by the city as a test case.

In the case of State of Ohio ex rel. Joseph W. Horner, prosecuting attorney vs. The J. P. Cherry Co., proceeding in quo warranto to test the validity of the election of directors in defendant company. A majority of the court find that the petition should be dismissed. Judge Powell dissented.

## Pittsburgh's Coal Consumption In 1916 Quadrupled

(ASSOCIATED PRESS TELEGRAM)  
Pittsburgh, Dec. 11.—Fifty million tons of coal or four times the normal amount, have been consumed in the Pittsburgh district in 1916, according to an estimate made by local men here today. This represents an increase of more than 7,000,000 tons over the preceding year.

The consumption in 1917 is expected to be even greater if the local companies are successful in getting cars to ship the coal and men to mine it. The coal situation is being viewed as a serious matter. On account of the war so many mines are running but four hours a day, and miners, attracted by more lucrative employment are entering other fields of work. Producers fear these men cannot be induced to return to the mines.

## TODAY IN CONGRESS

The congressional business for today is thus summarized:

**Senate.**  
Met at noon.  
Took up immigration bill in executive session.  
**House.**  
Met at noon.  
Secretary Daniels appeared before naval committee's hearing on naval appropriation bill.  
Hearings on postal appropriation bill were begun.  
Military committee continued hearings on military appropriation bill.

## FOOD EMBARGO

IS ONE OF THE SUBJECTS TO BE DISCUSSED AT CONVENTION OF STATE GRANGE.

State Master L. J. Taber Arrives and Establishes Headquarters—Reception for Delegates.

The session of the State Grange at Newark this week promises to be the largest in the history of the organization. Every county in the state is entitled to representation and large delegations of visitors are expected from nearby counties. Session opens Tuesday morning at 10 o'clock in the K. of P. auditorium and will last until Friday noon.

L. J. Taber of Barnesville, state master, arrived in the city late last night and has established headquarters at the Warden Hotel.

Among the important questions coming up at this session is Food Embargo, Temperance, Game Laws, Taxation and Good Roads. A lively fight is expected on the proposition of amending the school code.

Special effort has been made to make this session one conspicuous for its degree work. Wednesday is degree day. The first four degrees will be exemplified by a crack degree team from Licking county. The Degree of Pomona will be conferred by the Licking county Pomona Grange officers. The degree of Flora or sixth degree, will be conferred by the officers of the State Grange Wednesday night. Ohio has been breaking some National Grange records lately and a very large class is expected. Four hundred will come from Licking county alone. The University Grange of Columbus is coming down with its Glee club and a big delegation for this degree. They will come in special interurban cars.

One thing that is stimulating attendance this year is the fact that it is election year. All thirteen officers are up for re-election and those that have served more than one term will have to put up a lively tussle to come back. The master, L. J. Taber, of Barnesville, Ohio, and the lecturer, Mrs. Harriet Dickinson, Piqua, Ohio, are each serving their first terms and may not have opposition. However, one can never tell what may happen at a big convention, so the friends of all candidates are on the job early. The secretary, E. F. Crane of Ira, already has active opposition. The overseer, S. J. Pierce, of Warren, has been called to Florida on account of sickness and a lively scramble is on for his place. It must be remembered that grange contests are always conducted in a friendly spirit. Partisan politics never finds any place in grange work.

The officers of the State Grange are: L. J. Taber, master; Mrs. Harriet Dickinson, lecturer; Eugene F. Franz, secretary; O. J. Demuth, treasurer.

Executive Committee:—T. C. Laylin, Chairman; Geo. T. Watts, Business Agent; Geo. E. Scott, L. J. Taber, E. F. Crane.

State Master Taber has established headquarters at the Hotel Warden, where he and the Licking county delegates, assisted by other state officers received delegations, which began arriving early Monday morning, and by noon the lobby of the hotel was a busy place. It is expected that by tonight 300 delegates will have come to Newark.

The officers of the Chamber of Commerce is also a busy place where a corps of clerks are engaged in assigning delegates and visitors to homes throughout the city.

The meeting tonight at K. of P. Hall, 101 East Main street, where the sessions will be held, will be in the nature of a reception, and get acquainted meeting of which Assistant State Stewart, Arthur Caldwell of Pataaskala, will have charge. The Licking county delegation, 12 in number, representing the largest grange in the state will assist at this reception.

## SLAVS STOP TENTIONS.

Petrograd, Dec. 11.—(Via London.)—Austro-German troops took the offensive yesterday in the region of Pomerany, 45 miles southeast of Lemberg, in Galicia, says today's war office statement, but were brought to a halt by the Russian fire.

## ADAMSON

Law Will Be Argued Before U. S. Supreme Court on January 8

BECOMES EFFECTIVE JAN. 1

Case Placed Ahead of a Number of Other Important Matters Set for That Date—Attorneys Expect a Prompt Decision Because of Importance of Question and Interests Involved

(ASSOCIATED PRESS TELEGRAM)  
Washington, Dec. 11.—Arguments on constitutionality of the Adamson 8-hour law were today set by the supreme court for January 8.

Chief Justice White announced the court's action on the motion, presented last Monday by Solicitor General Davis to advance the Missouri, Oklahoma and Gulf railroad test for early hearing. The case was ordered argued before a dozen other important cases previously assigned for January 8. The law becomes effective January 1.

The court's quickest decision on record was in 1905, in E. H. Harriman's suit to enjoin distribution of Union Pacific stock by the Northern Securities company. This was argued March 1 and a decision given five days later. For almost a century the court has never given opinions except on Mondays, although precedent, and not law or rule, militates against opinion on other days.

For the government, Solicitor General Davis, Assistant Attorney General G. Harold Todd and E. Marvin Underwood and Special Assistant Frank Hagerman, will defend the law's constitutionality. Walker, D. Hines of New York will head the railroad committee.

Postponement of the court's decision until after January 1, should not, according to attorneys interested, materially affect interests of those involved. The stipulation before the court, signed by department of justice and railroad representatives, suspending all litigation over the Adamson law pending a decision, requires the railroad to keep special accounts of wages due employees under the law so that they may be paid promptly if its constitutionality is sustained. Both sides are pledged to expedite the test case, particularly as it is considered that congress would consider legislation to meet the court's decision.

## CHICAGO'S POLICE CHIEF SUFFERS MANY INJURIES

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Dec. 11.—Charles E. Healey, chief of police, whose status in the police department of Chicago is expected to be decided today by Mayor William H. Thompson, has perhaps suffered more injuries than any other officer on the force. During his service of 30 years in the police department, every major bone in his body has been broken while in the performance of his duty. The following is a list of his most serious injuries:  
Broken—Both thighs, both legs, right arm, five ribs, collar bone, nose, four fingers on right hand.  
Dislocated—Shoulder and left arm.

Shattered by bullet—Right wrist. In addition to these injuries he suffered numerous knife and razor cuts and clubbings about the head during his career as a policeman.

For several days there have been rumors that Chief Healey would give up his position as chief of police and resume his place as captain, but early today, he said the mayor had not asked him to resign.

"I will resign, however, if the mayor asks me to do so," said Mr. Healey.

## Salary Basis For Evangelists Urged By Church Council

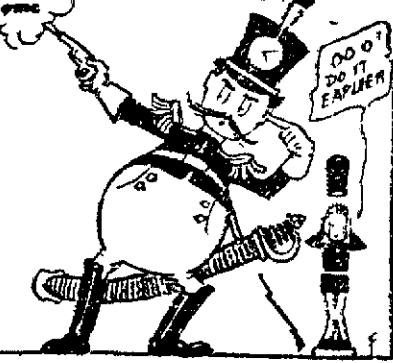

(ASSOCIATED PRESS TELEGRAM)  
St. Louis, Dec. 11.—A salary basis for Evangelists, instead of the present system of "part salary, part subscription systematically solicited, and part free will offering," is urged by the commission on Evangelism of the federal council of churches, submitted to the quadrennial convention of the council at its final session here today.  
"The present system," says the report, "insures the Evangelist an income far in excess of the earnings of equally gifted men in any other department of religious offices, and gives an altogether hurtful prominence to the commercial side of Evangelism."  
"The regular ministry is to some degree suspicious of public or so-called vocational evangelism. This suspicion has often ripened into a prejudice altogether unjustified. Evangelism, however, because of its own weakness and folly, had deserved a large share of the rebuke it has received."

## COAL DOCKS CLOSE.

(ASSOCIATED PRESS TELEGRAM)  
Lorain, O., Dec. 11.—Lorain's ore and coal docks will close today for the season. This season's business at the docks has been the largest since 1913, exceeding that banner year by five hundred thousand tons.

## TWO MONTHS FOR DISTRIBUTING FUND, IF CONSUMERS WIN

Should the decision of the Supreme Court of the United States, in the natural gas case, expected any day, now, be in favor of the consumers, it will be at least two months after that before Walter C. Metz, trustee of the escrow fund will be ready to pay out the amounts due to consumers. Should the decision favor the company the only duty of the trustee will be to draw a check for the amount in his hands less the expenses of the trusteeship and turn it over to the gas company.

Mr. Metz upon his appointment as trustee of the fund, opened an "escrow ledger" upon which opened a monthly account with each consumer, according to the number of the meter used by him, and he credited each month with the difference in the amount paid by him between the 18 cent rate, and the 22½ cent rate or 4½ cents per thousand feet.

A concrete example will better explain: John Doe used meter No. 1, and if he continued to use it until the time of the decision, there would be due him 4½ cents multiplied by the number of thousands of feet used.

But it will not be so simple as this. John Smith may have moved out after six months, and John Doe used meter No. 1 for 12 months, after which he moved away and Richard Roe began using meter No. 1.

It will be seen that such a condition of affairs, which prevails in many instances will tend to complicate matters and will tend to complicate matters and make much work for the trustee before he can be ready to pay the amounts when ordered so to do by the court.

The method to be adopted will be the opening of a separate account with each of the 6000 consumers in the city, which will be checked up with the monthly escrow ledger and the amount due each will be calculated.

## The Courts

### Married by Justice.

Freeman Marshall of Lancaster and Miss Maria Marshall of this city were married by Justice D. M. Jones at his office in South Third street, Saturday evening at 8:30 o'clock. They were accompanied by Mr. and Mrs. R. F. McElroy, the latter being a sister to the bride. The newly wedded couple will reside in this city.

### Bound Over.

William McKim, of Columbus, had a hearing in the justice court of William Hossman of Madison township, on the charge of driving an automobile in a reckless manner on the Jacksonville pike last September, in which Charles Noland was injured. Justice Hossman bound McKim over to the grand jury in the sum of \$250, which was furnished.

### To View Proposed Change.

The county commissioners tomorrow will view the proposed change of the Mt. Vernon road. A petition nearly ten feet in length and containing over 600 signatures is on file in the commissioners' office, asking that the road be graded.

### Pleaded Guilty.

John Fickle of Buckeye Lake appeared in the justice court of D. M. Jones late Saturday afternoon and pleaded guilty to the charge of having fish in his possession illegally. He was given the minimum fine of \$25 and the costs by Justice Jones.

### Fires Damage Suit.

Through his attorneys, J. W. Horner and Fletcher S. Scott, Charles Noland has filed a suit for damages in common pleas court against Thos. J. McKim of Columbus, O. The petition recites that on Sept. 24, 1916, the defendant was driving a big touring car on the Jacksonville pike, with a straight and unobstructed road ahead for a distance of at least a half mile and that he cut sounding the horn or klaxon he

ran into the rig of the plaintiff while driving his machine at an alleged speed of 30 miles per hour, throwing the horse and rig with the plaintiff over a precipice into a ditch below. The plaintiff received injuries which he claims are permanent. He asks that he be awarded damages in the sum of \$2,625.

### Marriage Licenses.

Earl D. Boston, farmer, of Sunbury, O., and Miss Edna C. Bernauer of Johnstown, O.  
John Darks, a fruit grower of Granville, and Mrs. Mary Jane Martin of this city. Rev. E. Kraft named to officiate.

Freeman Marshall, a laborer, and Miss Maria Marshall, both of this city. D. M. Jones, J. P., named to officiate.

### Common Pleas Notes.

In common pleas court on Monday the court and a jury resumed the hearing of the testimony in the case of Oliver J. Hawkins vs. Frank Owens. The suit is brought to recover for roofing a house east of this city.

Lingafelter vs. Norris: Leave given to file supplemental motion for new trial.

J. Howard Jones, A. A. Stasel, Edward Kibler and Judge J. M. Swartz were appointed by the court to formulate a rule upon the subject of elections to take property at the appraisal in partition cases.

Granville Bank vs. Cornelius Walker, et al., decree of foreclosure.

### Different Schools.

Dean Hole, who was the pioneer of rose shows in England, was fond of telling this story:

At Cambridge a horticultural show was suddenly invaded by a heavenly host of sweet girl graduates.

"Madam," said a member of the executive to the lady in whose charge they came, "may I point out that this is a school for horticulture and not for husbandry?"

Many a man who is hungry for applause is forced to swallow his own pride.

## PENNSY PLACES EMBARGO ON FREIGHT HERE

The Pennsylvania railroad company, last Saturday placed an embargo on all carload freight on Pennsylvania lines west of Pittsburgh, according to a notice received at the local freight office today. "Accumulation" is assigned as the reason for the embargo.

"On account of the accumulation an embargo will be placed on Pennsylvania lines west of Pittsburgh, on all carload freight, except perishable, live stock, food stuff for human consumption, coal, coke, fuel oil, and company material which originates."

"First: At stations on foreign lines within or beyond switchag limits, destined to points on or via the Pennsylvania lines west of Pittsburgh, and."

"Second: At stations on Pennsylvania lines west of Pittsburgh, destined for points on any foreign lines." "Shipments loaded up to 12:01 a. m., December 11, will be accepted."

"For the purpose of the embargo, the Pennsylvania line is considered a foreign line."

"Fund for Poor." A short time ago the "What-so-ever Circle" of The King's Daughters decided to have a series of carvers, in order to raise money to carry on their work. Each member was asked to entertain a few friends and ask for an offering. All were to report at a given time.

At the last regular meeting reports were given by ten members, and the sum of thirty dollars was handed to the treasurer.

One faithful member, on account of sickness in the home, was unable to have a "tea," and when her name was called responded with an original poem in which she told how she raised the money by doing baking at home.

### The Sick.

Eugene McCarthy of the Fuch jewelry store is ill at his home in North Sixth street.

H. L. Loar of the Resen, Loar company is confined to his home 209 Central avenue, suffering with a carbuncle on his neck.

**1,000 ARE KILLED IN MENTIONS PLANT.**

Berlin, Dec. 10.—An explosion in a Russian ammunition plant has caused the death of about 1,000 persons, according to the Overseas News Agency, quoting the Russian newspaper Rech.

The News Agency statement says: "The Russian newspaper Rech reports that a new explosion took place in an ammunition factory on La Satannaya. The cause is unknown. At the moment of the catastrophe about 1,000 persons were working in the factory, all of whom evidently perished. The factory was completely destroyed."

**KENTUCKY PLURALITY.** (Associated Press Telegram.)

Frankfort, Ky., Dec. 11.—President Wilson's plurality in Kentucky at the November election was 3,333, according to the official canvass of the vote announced today. The socialists polled 1,734, prohibitionists 3,087, socialists labor 533 and progressives 122 votes.

**ENGLAND SEEKS SOLUTION FOR GREEK PROBLEMS**

(Associated Press Telegram.)

London, Dec. 11.—The foreign office today stated that the British government was consulting with Great Britain's allies in an effort to reach a very radical solution of the Greek problem.

**GEN. JOFFRE WILL BE SUCCEEDED BY VERDUN DEFENDER**

(Associated Press Telegram.)

Washington, Dec. 11.—Private advices from Paris received here today telling of his secret proceedings in the French chamber of deputies during the last week confirm previous reports that General Petain, the defender of Verdun, is to succeed General Joffre in supreme command of all the allied forces on the western front, as the first result of radical changes in organization which are to follow concentration of management of the war in a small council, as has been done in England. General Petain, little known outside the French army, was a colonel at the outbreak of the war.

**MURDERED WIFE AND KILLS SELF IN COVINGTON**

(Associated Press Telegram.)

Cincinnati, Dec. 11.—Thomas Ryan who shot and killed his wife here Friday night and escaped from the police, died in a hospital today after shooting himself late last night in the Salvation Army headquarters in Covington, Ky. It was not until several hours after Ryan was found with a bullet hole in his head that he was identified as the man for whom the police of three cities had been searching.

**FEDERAL AGENTS ARREST IN EXPLOSION PLOT.**

(Associated Press Telegram.)

Pittsburgh, Dec. 11.—Arrested after a long automobile chase early today, a man known as James Reel, was being held by the federal authorities here in connection with the explosion last night at the Fort Pitt plant of the Acta Chemical company which cost the lives of three men. Meantime federal agents were hunting for three other men.

Dame Fortune isn't apt to smile on the man who flirts with her distant cousin, Miss Fortune.

### When Buccaneers Reigned.

The importance of the island of St. Thomas arises from the fact that the harbor on the south side of the island, on whose borders the town of Charlotte Amalie is located, is one of the finest in all tropical America. From the days of the buccaneers its strategic advantage has been realized, for when the Spanish main was the happy hunting ground of the gentlemen of the black flag this harbor was their headquarters. Behind its outer hills the pirate craft found shelter from the open sea and were screened from the sight of passing ships until the moment came to pounce upon them. In more recent times it has played the role of the safe harbor for the thousands of vessels bound from Europe to Panama and surrounding territory, or vice versa. With a free port, where repairs, ships' stores and coal might be had, upon which there had been no levy of tariff duties, the Charlotte Amalie found the harbor of the shipping world an attractive way station on most of its Caribbean routes.—National Geographic Magazine.

### Honest Efforts.

Moses was fated never to enter the land of promise he so longingly viewed afar, and Columbus never found—who can now wish that he had?—that unimpeded sea route westward to India that he sought so wisely and so daringly. Yet still the world moves on, and by mysterious and unexpected ways the great, brave soul is permitted to subserve the benignant purposes of God, contemplating the elevation and blessing of man. And so, I cannot doubt, the unselfish efforts in our day for the amelioration of social hardships, though their methods may be rejected as mistaken or defective, will yet signally conduce to their contemplated ends. Fail not, then, humble hope for "the good time coming," to lend your feeble sigh to swell the sails of whatever bark is freighted with earnest efforts for the mitigation of human woes nor doubt that the Divine breath shall waft it at last to its prayed-for haven.—Horace Greeley.

### Holidays in Danish Islands.

The natives of the Danish islands (West Indies) apparently celebrate the national holidays of all countries with complete impartiality—the Fourth of July in honor of the country that wouldn't adopt them; the 14th of July because it is celebrated in Martinique and it would never do to let the French negroes get ahead of them; the birthday of the king of Denmark because the islands belong to him; the birthday of the king of England because the islands once belonged to him; the birthday of the German emperor in honor of the Hamburg-American line, and the birthdays of all the royal families, I presume, as well as many local and impromptu holidays of their own. They also are very scrupulous about observing the Sabbath, at least in its negative aspect.—E. E. Slosson in New York Independent.

### Too Much Dignity.

Mammy Washington seemed very ill at ease in court. She admitted to the judge that it was her first time on "polecatman ground." Considerable difficulty was experienced in making her answer questions. She would go just so far and then stop, all aduster.

The judge hit upon a scheme.

"There is no need for you to be excited, Mrs. Washington," he said, with a smile. "I'm just a judge and you are a justice."

At last the old negress found her tongue.

"Dat's jes' hit, sub," she cried exultantly. "I'se bit, but yo' isn't you, in dem po' ban, and wid dat croaky malter in yo' ban. Ef yo' could fix hit fer to talk dis over in a kitchen, I'd be all right, jedge!"—Case and Comment.

### Where Blacking Gets Its Odor.

Shoeblacking, says the Scientific American, owes its peculiar aromatic odor, faintly suggestive of the deep woods, where spruce or hemlock needles pad the ground, to an oil which is manufactured from these same kinds of needles. The greater part of this oil is distilled by small farmers in New England during the winter.

### On Her Birthday.

"Congratulations me," said Youngsbund. "My daughter is just one year old today."

"This is her birthday, eh? What did you give her?"

"I don't know whether it was soothing sirup or paregoric, but it was one of the two."

### Her Choice.

"What came between them?" "A French poodle."

"EH?" "At least he put it up to her to choose between him and the dog, and he's been living at his club ever since."—Birmingham Age-Herald.

### In the Kitchen.

"This preserving business keeps one in hot water, doesn't it?" said the pear to the peach.

"Yes," assented the latter. "It does for one."—Exchange.

### Chain Cables.

Chain cables were first employed on shipboard in 1811. They were invented by a navy surgeon.

### Didn't Like Bachelors.

In antiquity citizens who remained bachelors all their lives were considered unpatriotic.

## NEW MANAGER OF ROSENBAACH SHOE STORE

C. O. Eagle, one of the city's best known shoe men, has accepted the management of the Rosenbach shoe store in North Fourth street, where he will be found in the future, looking after the company's growing trade in this city.

Mr. Eagle was identified with the Sample Shoe store in West Park Place for fourteen years and he has an extensive acquaintance not only in this city, but in the country as well, and which will be a great factor in increasing the business facilities of the firm with which he has become identified.

When an Advocate representative called at the store this afternoon he was shown a new line of women's boots, equal to those found in the high price stores, all of the latest styles, and at prices that make it possible for any woman to wear a dressy shoe that is commensurate with her purse.

Mr. Eagle has with him in his new location, Mr. Lloyd Allen, an experienced shoe salesman, for eight years with the New King company, and who is an efficient and expert man in the business. He is better known to the trade as "Browie," and he will be pleased to serve his old customers at the new stand in North Fourth street, and also hopes to make many new ones.

## ARM IS BURNED SO BADLY AMPUTATION MAY BE NECESSARY

Sam Lewis, was so badly burned when he fell against a stove at the Criss Brothers barn Saturday night, that his condition is extremely serious today.

Following the accident he was removed to his rooming house, in South Fourth street, and Dr. P. H. Cosner was called. Later he was removed to the Sanitarium. It will fall against the stove his right arm was so badly burned that it will probably be necessary to remove the arm at the shoulder.

## FORMER NEWARK WOMAN SUCCEEDS AS AN OFFICER

Friends of Miss Anna McCully, formerly of this city will be interested to learn that she is meeting with success as a policewoman in Toledo. Miss McCully whose father was formerly a member of the firm of Wyeth & McCully of this city, has been engaged in similar work in Dayton and went to Toledo to extend her field.

News dispatched from that city say that Policewoman Anna McCully assisted by Miss Sollers have corralled all boys under nine years of age, who were found on the streets, the juvenile judge having ruled that the lads of this age must be at home by 9:00 o'clock. Special attention is being given to young girls. Sixty new cases were handled in Toledo by Miss McCully during the month and the girls' home has been filled to capacity.

Miss McCully is a very interesting woman, and has made a great study of her work. The family formerly resided in Granville street.

## ENTENTE WILL RENEW DEMAND ON GREEK KING

(Associated Press Telegram.)

LONDON, Dec. 11.—The latest reports from Athens say that the note of the entente governments to Greece is ready and undoubtedly will be presented tomorrow. The note will be short, in the nature of a preliminary to a second note, which will contain more detailed demands.

It is indicated that the demands on Greece may require complete demobilization of the army, restoration of control by the entente over the post, telegraphs and railways and the release of the imprisoned Venizelists.

Advices from the British minister indicate that conditions are more calm. Large numbers of allied nationals continue to leave Athens.

## NIP SMUGGLING PLOT BY ARREST OF A CANADIAN

(Associated Press Telegram.)

Duluth, Minn., Dec. 11.—An alleged plot to smuggle Chinese coolies in large numbers into the United States from Canada is said by federal officials to have been uncovered by the arrest here yesterday of Richard Blaikie, an alleged deserter from the Canadian army. Blaikie was employed on the steamer Superior and was taken off the vessel on her arrival here from Cleveland.

Federal immigration officers assert that Blaikie with several other men conspired to bring Chinese across Lake Erie in small boats.

Blaikie denied the charges. He will be held for the immigration bureau at Buffalo.

Mrs. Thomas Goff, of West Main street, has been quite ill again, threatened with pneumonia, but is some better at this writing. Her mother, Mrs. Haynes, of Granville, has been with her for several days.

## Will pay for the chance to heal Catarrh

After an experience of 25 years, during which time 50 million Americans have used Kondon's Catarrh Jelly, the manufacturers of this remedy feel so sure that it will relieve catarrh—that they offer to pay for a chance to prove its benefit to any catarrhal sufferer. They announce that any resident of this community can go to almost any drug store and get a complimentary trial can at the expense of the manufacturers. If the druggist has no gratuitous packages, the person may buy a 25 cent tube with the unequalled understanding that if that first tube does not do that person more than a dollar's worth of good, he or she can get their quarter back from either the druggist or the Kondon Company at Minneapolis. Over 35,000 druggists know Kondon's Catarrh Jelly is effective, harmless, clean and pleasant to apply—and they know the Kondon people will gladly live up to this offer—"quarter back if not worth a dollar." ## DRIVE RHEUMATISM OUT OF YOUR SYSTEM

No matter how long or severely you have suffered with rheumatism—whether your trouble is gout, lumbago, stiff, sore, swollen joints, aching muscles or any other form of rheumatism—you can get welcome relief by taking Dr. Whitehall's Rheumatic Remedy.

This great remedy goes right to the source of your trouble and removes the cause. It stops the ache, eases the pain and takes swelling and stiffness out of joints and muscles because it dissolves the uric acid and other deposits faster than they accumulate, and at the same time fortifies the system against further attack.

Dr. Whitehall's Rheumatic Remedy acts as a health builder. Its record of results covers a period of many years and has permanently benefited thousands of rheumatic sufferers. This remedy can be had at any drug store for only 50c a package, and every person afflicted with rheumatism in any form will soon be rid of his trouble by taking a short course of this treatment.

## DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the draining system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood, disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make any one a pronounced crank on the subject of internal sanitation.

## OVERLAND

PLANT IN TOLEDO A MARVELOUS INSTITUTION WITH 18,000 EMPLOYEES.

Agents and Friends Entertained for Two Days in Big Factory—Party Returned Sunday.

The Licking county delegation to the Overland dealers convention at Toledo, O., returned home Saturday night after an interesting two days' session and inspection of one of the most wonderful manufacturing plants in the world.

The local party was headed by F. M. Rugg, Overland agent for this city, F. A. Ruble, his head salesman, Dwight Williams, C. L. H. Long and Harry D. Hale. They left Thursday at noon for Columbus, were entertained in the evening together with 250 others from central and southern Ohio at the Elks club for dinner, at the Keith theatre in the evening and left the Capital City shortly after midnight in a special Pullman train over the Toledo and Ohio Central for the Maumee City, arriving at the Overland plant at 8:30 the next morning, the train being parked on the private tracks of the company opposite the administration building and quartered there until it left for home.

A movie man with a camera met the members of the Columbus branch as they marched from the train to breakfast in the administration building and after an inspection of the Overland auto show in the company's big garage a demonstration of the new cars was given the visitors in a short ride in West Toledo. Then came the trips through the factory for the 800 visitors who had arrived during the early morning hours, a second train coming in from the Pittsburgh and West Virginia district and a third from Cleveland and Buffalo.

After luncheon in the diners at the noon hour a program was given in the Auditorium in the afternoon at 2:30 o'clock which included moving pictures of the plant and addresses by heads of departments. At 6 p. m. the 800 visitors were seated in the dining hall of the administration building after all had been given white aprons and caps were served what was termed a beef dinner. The menu was excellent and during its serving the Overland glee club of sixty members furnished a vocal program while the orchestra rendered an excellent program also.

After dinner the guests were entertained in the large auditorium with a minstrel show, every participant being an employee of the company from the various departments. Preceding the entertainment, Col. John N. Willys was introduced and welcomed the visitors. Col. Willys is yet in the prime of life, is democratic and easy of approach, and is the idol of his 18,000 employees. He told of the wonderful growth of the Overland plant, how from an institution in 1907, whose total assets were only \$58,000 with the sale of only 47 autos in 1907 and 428 in 1908, the company had grown and prospered until now its full valuation with inventories totaled the sum of \$68,000,000 with sales for the approaching year which will total 250,000 Overland cars.

Col. Willys explained his idea in bringing the Overland agents of the United States on a visit to the plant. It brought them in closer touch with one another and after seeing and inspecting the wonderful industry they were better prepared to talk and sell its products. He was bringing over 5,000 agents and guests from every state in the union, and in the first three days' convention dealers had ordered approximately \$12,000,000 worth of machines for 1917.

The Overland plant occupies 103 acres of land and has a total of 4,486,680 feet of floor space in daily use and a production capacity of 1,000 cars per day. In 1908 250 employees were on the payroll and today there are 18,000, and Col. Willys stated that he was pleased to announce that owing to the increased cost of living the company was willing to further assist their employees and had granted them all a wage increase ranging from 5 to 10 per cent and which means an addition to the annual payroll of \$22,000,000, and the plan followed was to give the lowest paid workers the greatest advance.

The visitors in passing through the plant found 1,000 persons working in the new administration building which occupies six floors, and which has a restaurant in it where 900 persons can be fed at one time. When the shops were hit everything was a whirl of action, yet all in system. Parts of untold thousands were there, with a value said to be \$30,000,000. The guides said there were 6,000 motors being tested. Every thirty days an average of 1,000 tons of steel come in.

There are amazing machines. The toggle press for example, was a monster with its pressure of 1,000

## FINALLY ADMITS WILSON'S ELECTION

Paying an election bet on Sixth avenue, New York.

It took a long time to convince this chap that Wilson was elected president. He says he is not stubborn, but that he wanted to be sure. His bet required that he walk up Sixth avenue upside down if Hughes lost. Quite a crowd gathered to annoy this conscientious payer of his bet.

tons, shaped cold steel like cardboard. A piece of metal fed to it comes out as a side frame. It can make 2,000 of these in an eight-hour day. Other mighty machines stamp out radiator shells, fenders, cowl dashes and doors. You take off your hat to the drop forging machines. Down comes the hammer and the fiery piece of iron is beaten into shape. The complete drop forging of the front axle can be accomplished with one heat.

Every kind of part requiring strength is drop forged, while you look on, axles, crank shafts, brake assembly rods, brake and control rods spring shackles, gear blanks and brake rod sectors.

The automatic turret lathe surfaces and finishes fly wheels. It works as though somewhere within its metal vitals a brain was concealed. The workman has only to put on the rough fly wheel, adjust the first set of tools, push the lever, and let the machine do the rest.

The cast iron is peeled off as readily as wax. Sometimes four or five operations are performed at once. When one set of cuttings is done, the machine stops automatically, and the next set of tools comes automatically into place. Twenty operations are performed in 14 minutes, and 26 pounds of metal are removed from the wheel. One man can watch three of these machines.

The vertical cutter of gears on fly wheels almost matches the turret lathe in interest. All fell for the aluminum foundry and for the machines that finish the aluminum parts. The multiple spindle drill bores 81 holes in the crank case in one operation. This is a proof of the superiority of machine processes, for the holes must be in the right relation to each other. Diamonds, real diamonds, are consumed with apparently reckless indifference in the wet grind room. Placed in small tools they are used to true the emery wheels on which are ground the bearing surfaces of the crank shafts.

We looked on while whole forests of lumber were being turned into bodies in the wood work department. This lumber comes in by carloads. As 214 feet of wood is required on a small touring car, we could readily see why so much was required.

You make this round and you can understand this company's immense consumption of material—18,000,000 pounds of solder annually, 2,500,000 pounds of tin and lead for soldering, 10,000,000 pounds of brass and copper, 12,000,000 feet of steel tubing and 125,000 tons of steel.

Naturally every operation in all the plants tends finally toward the assembly conveyor tracks. There are four of them, each 645 feet long. We followed the whole operation. We began at one end where the frames and rear systems are put in place. By the time the other end of the conveyor is reached the frame has grown into the finished car. From overhead parts are lowered by chains. Along the way men are attaching the parts. The frame is in motion all the time, but can be instantly connected with the links of an endless chain and sent on its way whenever desired.

Lines of motors, already tested, wait on both sides of the conveyor. These are put into place, and other parts attached. Instead of painting the chassis with a brush, a sprayer is used. It does the work more rapidly, more uniformly and at a lower cost. The tracks of the assembly lead directly through ovens in which the paint is baked. Fenders and running boards come into their places.

Wheels with the tires on are brought along on a runway. First comes a front wheel, then a rear wheel. You ought to see them put on the tires. By a special device, the tire can be put on a wheel in three seconds.

From overhead bodies are dropped down on to the chassis and soon made fast. The car is now ready for

its tests. Rapidly revolving wheels in the floor engage the wheels of the car, and send them at high speed to make sure that they are operating freely. This is not a test under the power of the car.

Gasoline and water are then put into the car. It is pushed off the track into another room, till its wheels are in contact with wheels in the floor. With the use of the self-starter, the machine gets its first chance to prove the success of its construction.

## RED CROSS SEAL FIGURES.

325,000,000 Holiday Stickers Already Distributed in United States.

Few people have any conception of the magnitude of the Red Cross Christmas Seal Campaign. Here are a few figures that will show what a gigantic movement this is. Already 325,000,000 Seals have been printed and practically that entire number distributed to agents in every state and territory of the Union from Alaska to the Canal Zone, from Porto Rico to Hawaii, and even in the far-off Philippines. Advertising circulars, posters, cards, etc., to the number of several millions, have also been distributed. Not less than 1,000,000 personal letters asking people to buy Seals have been sent out. It is estimated that the army of workers, nearly all of whom are volunteers, engaged in selling the Seals numbers well over 500,000. The advertising and publicity devoted to the campaign amounts to several hundred thousand dollars. Every effort is being put forth to sell 100,000,000 Seals, or only one for every man, woman and child in the United States. This will mean \$1,000,000 for the anti-tuberculosis campaign in the United States. Over 1,500 anti-tuberculosis associations of the country derive their support from Red Cross Seals.

Capital Letters. The systematic use of capital letters in writing and printing was not common until about the year 1430.

## Society

The Women's Music club wishes to announce that the concert by Mme. Matzenauer of the Metropolitan Opera company Tuesday evening, December 12, will begin promptly at 8:15 and urges that the audience be in the seats at that time. As it is very annoying and unfair to an artist as well as to an audience to have late comers moving about during the performance of a number, the ushers will be instructed that seats may be taken only when Mme. Matzenauer is off the stage.

Miss Isabelle Somers entertained the members of the Coudrant club with a six o'clock dinner last week at the home of her sister, Mrs. Eugene Jackson in West Locust street. The dining room was dimly lighted with red candles, the centerpiece was a huge Christmas pie of poinsettias. At each place was found a candle and a small red box filled with candies. Dainty place cards seated the following: Mrs. Stanford Smith, Mrs. Wesley Coffman, Mrs. Kenneth Hall, Mrs. Charles Wagenheim, Mrs. Iri Owings, Mrs. Fred Hawkins, Misses Nellie Smith, Frieda Wagenheim, Esther Kissane, Nellie Fleming, Gladys Ayres, Ruth Felumlee, Mary Hayman, Anabel Conrad, Ethel Haynes, and Rena Weisgarber of Wheeling, West Virginia.

Mr. and Mrs. John Schafer, who reside near Gratiot, celebrated their 50th wedding anniversary on Dec. 4. It was strictly a family affair and only the children of the celebrants were present, including Mr. and Mrs. D. J. Schafer of Cleveland, Mr. and Mrs. T. P. Hamilton of Brownsville and Miss Lena A. Schafer of the home. The decorations were ferns and large chrysanthemums. The centerpiece on the dining room table was formed of flowers and fruit. Congratulatory messages and gifts from friends were received. In honor of this event holiday candles were lighted at 7 p. m., central time, by friends in the following states: New York, New Jersey, Florida, Ohio, Indiana, Illinois, Missouri, Kansas, Nebraska, Wisconsin and Washington.

The ages of the celebrants are 77 and 75 respectively and they both enjoy excellent health. Mr. Schafer is a civil war veteran, having served in battery A, third regiment, Illinois light artillery, known as "Vaughn's battery."

On Friday evening Miss Bernice Heaton of West Main street, delightfully entertained the members of the Delta Zeta class at her home. After a short business meeting, the evening was spent in music and games after which a dainty luncheon was served the following members: Misses Frances Brown, Bernice George, Bernice Heaton, Mary Rosel, Irene Slocum, Pearl Pinkerton, Mabel Stevenson and Clara Bragg. The guests of the class were the Misses Gladys Smith and Burdelle Holtsberry.

The Semper Fideles Class of the First Presbyterian church will be entertained Tuesday evening by Miss Minnie Setty at the home of G. E. Besancony corner of Eighth and Church streets.

The Krochea club was entertained last week at the home of Mrs. W. H. Frankenberg of West Main street. In the interesting contest held the prizes were awarded to Mrs. J. E. Stewart, Mrs. John Goff and the guest prize to Mrs. Charles Peters. Luncheon was served the members and two guests, Mrs. Charles Peters and Mrs. William Parr.

The next meeting will be held at the home of Mrs. John Goff, Wednesday, December 20, in West Main street. The event will be a Christmas party and the Christmas box will be opened.

Miss Mildred Gilbert of California was an expert interior decorator with Japanese prints and Chinese porcelains as a hobby until a few weeks before election, when she was persuaded to take the stump for woman suffrage. Now she is studying lobbying and organization work in Washington and will soon be ready to argue the cause with members of congress.

Circle of The King's Daughters will be entertained at the home of Mrs. Malcolm Baker in Webb Place, Tuesday afternoon.

ville, Katie and Hazel Ferguson, Beulah and Margaret Gamble, Pay Drumm, Hazel Jeffries, Martha Morgan, Daisy Burden, Marguerite Concanon, Gladys Crumb, Florence Perry, Elizabeth Baker, Gunish Knight, Miss Baker received many pretty presents.

## SECRETARY BAKER LIKES RED CROSS SEAL IDEA

Wants His Children to Become Partners in Anti-Tuberculosis Fight. Newton D. Baker, Secretary of War, is an enthusiast in the use of Red Cross Christmas Seals. A year ago, when he was still Mayor of Cleveland, he wrote to the Anti-Tuberculosis League of that city as follows: "I enclose my check for \$1.75 for this year's Seals and also my order for Seals for 1910. No other one thing means so much to life, health and happiness of the people of Cleveland as the fight against tuberculosis. The League is offering a great privilege to the people of Cleveland in giving them this opportunity to join their forces in a great cause.

"Please send twenty-five Seals to each of my children. Address them Betty, Jack and Peggy Baker, respectively, at my house, 1851 Crawford Road. I want them each to put seals on each of their Christmas presents so that they will learn that they, too, are partners in the community burden and share the community opportunity."

Have you bought your Red Cross Seals and shouldered thereby your share of the community burden and opportunity?

Beau Brummel of Hawks. He is the Beau Brummel of the North American hawks, among which he is conceded to be the handsomest as well as the smallest. He's the sparrow hawk and breeds throughout the United States, Canada and northern Mexico.

He stands around on telegraph poles sporting a salt and pepper vest, with a red and black long tailed coat, and all the other hawks are envious of his appearance and smart loggery.

Few birds eat such a variety of food as the sparrow hawk, who is the true American falcon. Grasshoppers, crickets, terrestrial beetles and caterpillars make up more than half his subsistence, while field mice, house mice and shrews cover 25 per cent of his annual supply. The balance of the food includes birds, reptiles and spiders.

In agricultural districts where new ground is being broken the sparrow hawk becomes quite tame, even alighting for a moment under the horses in his effort to seize a worm or an insect. —Philadelphia North American.

When Greek Meets Greek. The middle aged American who was having his shoes polished looked down at the busy Greek lad who was bent on turning out a good job.

"Well, young man," he said, rather patronizingly, "I suppose you are learning to speak good English. By the bye, how long have you been in this country?"

"About one year, meester," was the prompt reply. "You live here some time, I guess?"

"Oh," answered the other vaguely, with a mysterious smile, "I've been here over a year."

The young Greek regarded his customer with suspicion for a moment and then, appearing to understand that he was being quizzed, said swiftly, with a dazzling smile: "Well, meester, I give you compimen. You speak very good language for so short while!" —New York Post.

Frank Coulter of Columbus spent Sunday in Newark.

## Christmas Dinner In Dixie

In a certain story of Henry James he tells of being in a room of "beautiful omens," and to many dining tables of today, among both the rich and poor, the same term could be applied so far as food is concerned, but to the Christmas dinners of our earliest recollections it would not properly apply, says Kate Langley Bosher, the well known author, in the New York Times.

Once was a large family, and always there were guests and relatives to dine with us. In consequence the table was enlarged to the limit of its capacity and reached from one end of the dining room to the other. In the center was a bowl of holly whose berries gleamed in the light which fell upon them, and at both head and foot of the table a large, an imposingly large, and consequential turkey which had long been preparing for his fate lay ready for his sacrifice. Today two turkeys seem scandalously unnecessary. In the yesterdays they were not considered so.

On one side of the holly berries was a Smithfield ham baked to a brownness that was indeed alluring; on the other, a round of spiced beef whose fragrance made waiting difficult. Soup and fish on Christmas day were always dispensed with.

Oysters only were served while the carving was being done, and when the latter was sufficiently advanced to permit it was with right good will and appetites made ready by the close appeal of celery and cranberries and homemade pickles and crisp-corn-bread and vegetables of all sorts and kinds that thanks were given for another reuniting and for God's great gift to man, and all in the household went merrily to work.

When dessert was served the table was again laden with a variety that now seems prodigally wasteful of things called sweet and surely of a tempting not to be resisted. Plum pudding with its burning brandy perkily insisted that it be tried first, then pies of luscious filling and golden jelly or perhaps of a rich red, according to the wine with which it was made. Fruits and nuts and raisins kept the children busy, and when at last the table was left it was with a silent prayer from some that penalty be not exacted for the misdeeds of the flesh.

In many homes of the south egg nog was made on Christmas eve and kept overnight to "season," and in others apple toddy was prepared a week or so in advance of its using. As appetizers either served the purpose well, but it was not as appetizers that they were taken.

The average southerner takes them because he likes them. He thinks them very good, and Christmas comes but once in a long, long year! But of course others may disagree with him as to their use—and he has no quarrel with the others.

Showing Himself. "Jack must be out of debt." "Why?" "He's walking down the main street again." —Michigan Gargoyle.

Happiness is generally a matter of taste, either of the past or the future. —Philadelphia Record.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young. To do this you must watch your liver and bowels—there's no need of having a sorrowful complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

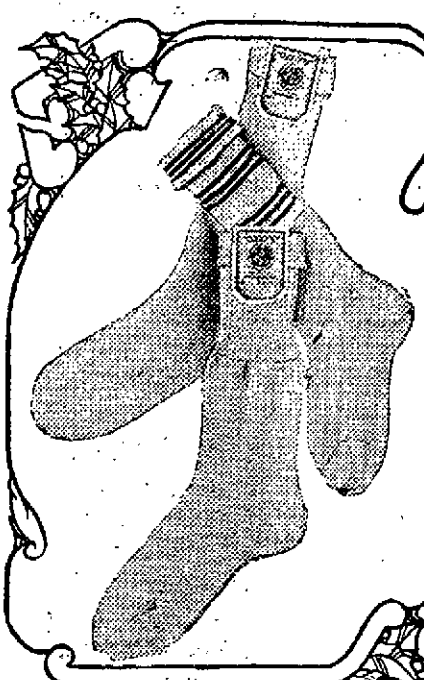

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Miss Spencer's Gift Shop, 157 N. Fourth street.

It would be hard to go wrong in making your gift to "him" one of books—a good stirring novel or two, history, travels or, in fact, standard literature of all kinds. Perhaps there is no present which the average man appreciates more thoroughly than books.

With the thought of books comes the idea of that pretty bookshelf which

adds so much in fitting up his "den" or one of those low bookshelves in oak or walnut fitted with an adjustable curtain of silk or tapestry.

In the line of smaller gifts come sleeve buttons, patent cravat holders, dainty scarves, umbrella clasps, photograph frames, pipes, a musical instrument if appropriate, dumbbells, top hat box, military hair brushes, a cane, fencing foils, a chafing dish for his apartment or a first class knife. A punching bag or a chessboard might just fit him.

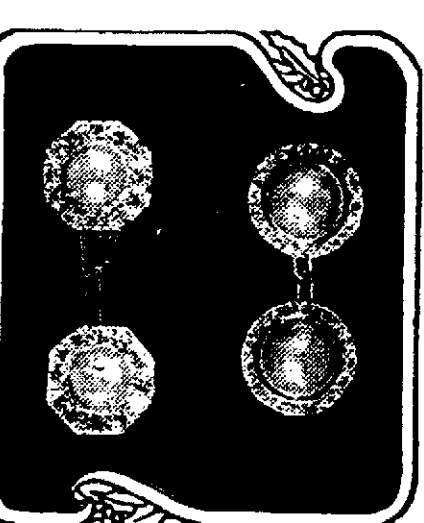

A box of silk socks, as suggested by the picture, may be enhanced with "clocks" embroidered by fair hands in gay silks. Boxes three stitches square

joined by three cross stitches done perpendicularly up the side are very smart on men's socks.

Cigar boxes (without the cigars) make acceptable gifts for most men. Some of these are of dark mahogany. Others are of cedar or Circassian walnut, silver mounted. The large ones hold 100 cigars. The small and untrilled versions of these luxurious affairs are to be had for less than \$5.

Pictured is a jar for cigars, a pretty glaze set off with silver. This list will help you: Couch cushions, shaving mirror, easy chair, opera hat, Panama hat, mackinaw, white vest, pajamas, platinum and gold watch chain, evening muffler, belt, white silk suspenders for dress suit, the holder, leather shoe horn, silk knitted refer for evening, leather case for medicine bottles, puttees, riding crop, billfold, leather magazine cover, student lamp, brass desk clock, visiting cards and

plate, leather wastebasket, seal ring, anything in the line of his hobby; compass, sweater, camera and outfit and silver key chain.

A set of casseroles for the man who cooks will be welcome.

A small oriental rug, a screen with hunting or automobile scenes set in the top panels, a French poster framed, sofa pillows, brass firelogs, a big solid inkwell, a lamp of odd design and a bronze nymph holding an electric light over her head are all things that appeal to the modern man.

All kinds of appropriate jewelry are listed, the cut showing a choice of cuff links in wrought gold with jade and amethyst settings.

## Granville

(Special to Advocate.)

Granville, O. Dec. 11. — The churches in Granville were well attended yesterday and the prohibition forces secured an intelligent hearing. At the Baptist church several hundred people heard the Hon. J. A. White, who is one of the most eloquent and forceful speakers on the platform. His witty thrusts and humorous sallies were all a propos and the congregation was wide awake during every moment of his speech. He is a lawyer and presented a thoroughly logical and practical view of the situation. Many of his utterances being strikingly epigrammatic. He said that in this world-wide movement for prohibition, when he contrasts the action of half civilized Russia with that of Ohio, he feels like hanging his head in shame. "The American highball," he said, "is far more dangerous to this country than the European cannon ball, and our trouble is not so much with the hyphenated-American as with the syphoned American. What the league needs is organization and that is rapidly being perfected as there are more men than ever before ready to help in the campaign against John Barleycorn." Mr. White spoke in the evening in the Methodist church and commanded the closest interest of his large audience.

At the Presbyterian church, Rev. Mr. Rutledge spoke in the morning, taking as his text "Thy Kingdom Come, Thy Will be Done on Earth." Mr. Rutledge compared the attitude today of business and professional men, with that of a quarter of a century ago. He spoke of the increasing demand for temperance in national and municipal affairs.

Having strated on his trip to Detroit Saturday morning to attend the Michigan-Denison banquet that evening, as one of the speakers, President C. W. Chamberlain was forced to return home on account of the lateness of the Pennsylvania trains which would have landed him in the city too late for the banquet. A telegram apprised the committee of his failure to arrive.

The members of Sigma Chi fraternity in addition to the ordinary entertaining of guests, adhere to certain annual affairs which have grown into the dignity of traditions. One of these is the annual game breakfast served at their sun table to their Shepardon college friends. This event took place on Saturday morning, December 9, with covers laid forty-four. The young ladies present being:

Conceivably, Catharine, Helen Longworth, Lucille Bumgarner, Mary Walsh, Olga Rummel, Pauline Ireland, Catherine Stout, Helen Russell, Mary McDonald, Marjorie Hamilton, Edna Henke, Helen Adams, Louise Cobb, Dorothy Davidson, Gertrude Hulce, Edith Wilson, Eva Wilson, Frieda Rummel, Garnet Schiedt, Mary Weston, Frances Martin Miss Jessie Barr.

Henry Stout of Dayton was a week end guest of Sigma Chi.

Mr. Edwin Wright has returned from Toledo where he went Thursday morning to attend the Christmas entertainment given by the Willis-Overland Company of that city to its Columbus and Central Ohio dealers. The party of about 250 left Columbus on a special train of 15 Pullman cars, and reached Toledo in time for a luncheon Thursday noon. A banquet was given also on Thursday evening, and Friday was spent in visiting the big factory buildings where the new models which are not to be shown to the public until after the New York show, were viewed. Mr. Wright was accompanied by Messrs. R. T. Jones and T. J. Davis of Granville.

One week from tonight, Granville and surrounding communities will enjoy the privilege of hearing one of the nation's greatest orators in the person of the Honorable John G. Woolley, who will speak in the Granville Opera House on the issues of National prohibition. It is a great topic and gives fine scope for such a man as Woolley, who is one of the colossal figures of the temperance reform.

Remember the date and make your plans to be there at 7 o'clock. The Women's Music club will hold its regular meeting on Wednesday afternoon, Dec. 13, at Bryn Du, the home of Mrs. J. S. Jones on the Newark road. Take the 2:30 car or 2:25 jitney.

Weather permitting, the Spencer Bible class will hold a prayer meeting at the home of Mr. and Mrs. A. T. Day on the Columbus road, Tuesday evening at 7 o'clock. All who can attend are invited.

Miss Imogene Hamblen, one of the Denison graduates of last June, who has been suffering from a run of fever for several weeks, is again able to be about her accustomed activities, seemingly as well as ever.

Quite a Granville delegation will go to the Auditorium in Newark, Tuesday evening to hear the Metropolitan opera star, Madame Margarete Meizner. It is never too late!

Everyone is planning a visit to The King's Daughters bazaar tomorrow (Tuesday) and the pretty things they offer for their Christmas sale will probably disappear like dew before the rising sun. Meals will be served at the noon and evening hours.

Miss Helen Robinson will give an illustrated talk on South America in Burton Hall this evening at 7:30.

SPEAKS PRAISES. MME. MATZENAUER, HERE TOMORROW.

Oley Speaks, the well known American song writer who is also a distinguished journalist and music critic says of Mme. Matzenauer in the Ohio State Journal of Columbus: "Mme. Matzenauer is the possessor of one of the finest voices that has been heard here in a long time. It is a voice of huge proportions and an exceedingly lovely quality. Matzenauer is known as having one of the finest voices to be heard on the Metropolitan stage today. The singer showed unusual power and interpretive ability."

If your child is troubled with constipation try putting castor oil in molasses cookies. They will not taste a bit of the oil and help a lot. When baby is teething and his gums are swollen and hard, rub on some lime water. This softens the gums and helps the tooth to come through, besides easing the pain. When baby is too small to wear underdrawers, a nice way to keep his legs warm is to take old worn stockings, cut the foot off so it will fit on his hip nicely, put them on under his stockings and keep them on pin them to his other band.

## Everyday Etiquette

"I have been given a letter of introduction to a gentleman in a strange city. How shall I present it?" asked June. "Mail the letter along with your card to the man. He will then respond by a call at the earliest possible moment," answered her friend.

## FORMER NEWARK GIRL WINS TRIP ON CORN SPECIAL.

Miss Stella Mae Bork, daughter of Mr. and Mrs. L. A. Bork of West Madison street, Gibsonburg, Ohio, was awarded the "Grand Prize Lyceum Club contest" for students of the Capital College of Oratory and Music of Columbus.

Miss Bork's mother, Mrs. L. A. Bork was formerly Miss Hattie Southard of Newark. The prize Miss Stella Bork received was a free trip to Washington on the Corn Special.

## Milady's Boudoir

In Milady's Boudoir.

No hand will present the well groomed and cared-for appearance that good form demands if treated only to a casual soap and water washing several times a day with an accompanying hasty use of a nail stick; and thought because more than mere time must be given to the subject if one is to make the very best of one's hands.

Cultivate the habit of whisking the orangewood stick about whenever its point has been used, to push back the cuticle around the edge of the nail with the blunt or rounded end of the stick. If this is done systematically, several times a day, the valuable half-moon at the base of the nail will always be in evidence, and the nails will maintain their correct shape. Then when a sudden invitation comes to "fill in" at a neighbor's afternoon bridge you will not have to spend a frantic half-hour pushing back the hardened cuticle, and perhaps acquire a sore finger into the bargain, trying to put the nails hastily into presentable shape.

Never clip the nails into shape unless you want them to become thick and coarse at the edges. Clipped nails also break off more readily, especially in cold weather. Every woman should have a pair of curved manicure scissors on her dresser, but they should be put to use seldom, and then only for clipping the end or sides of an over-long nail.

The man who makes the most of his opportunities is apt to regard every other man as an opportunity.

## Make Her a Christmas Present of Yourself

Not some trifling bauble nor even costly gems, but a gift that will bespeak the same devotion to her who shares with you the bitter and sweet of life that was present in days that now are gone; that will assure her that you have not forgotten her; but you appreciate more truly than ever the golden wealth of her nature undimmed by the trials that she has borne.

If you are an excessive drinker give her a present that will restore the love and respect that once was yours.

Give her a Christmas present that is more to her than all the wealth of land and sea—give her a present of yourself.

Free, independent, self-confident—not a slave to intoxicating liquors that debase and destroy you, that mark you a disgrace and humiliation to those who should love, cherish and honor you. Be yourself of old. You can do it—hundreds have done it these past years at the Neal Institute. Don't worry over past attempts to escape the coils of drink, over past failures. Come to the Neal Institute and learn of the Neal Way—three days of harmless medicinal treatment under a regular physician and all desire for drink gone.

Go back to her—the man you used to be, in every respect—physically and mentally. A Christmas gift to her indeed. Neal Institute, 1320 Main street, Columbus, O. Phone East 360.

## Most Eminent Medical Authorities Endorse It.

Dr. Eberle and Dr. Braithwaite as well as Dr. Sims, all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N.Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which he calls his "Urinary" put up in a 50-cent box of "Auric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies to-day—as well as Doctor Pierce's Pleasant Pellets for the liver and bowels. You can get a sample of any one of these remedies by writing Dr. Pierce.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

# WHAT TO GIVE BROTHER

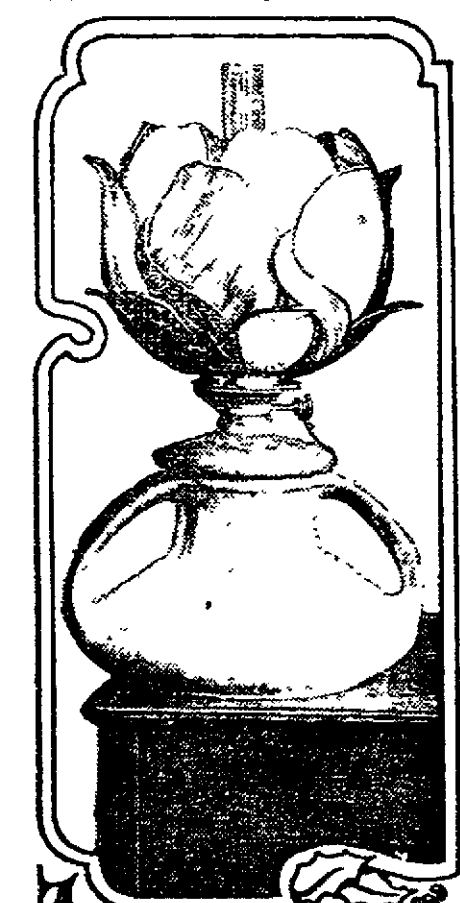

If you are in doubt as to the liking and loves of your brother don't risk buying something for which he will not care. Buy him a good edition of some popular book. If brother camps out all sorts of implements suggest themselves. A good

hatchet, a strong knife, a tent, a cooking kit, a rifle, are only a few hints. Or try a banjo. If he plays one, or a new pair of paddles for his canoe. A key ring on a strong chain, sneakers, a flashlight, a phonograph or a pair of boxing gloves would please him. For hiking and bicycling is a warm vest knitted of bottle green worsted, like the cut. Or if brother travels here is a long list to choose from: Steamer rug, cushions for steamer chair, money belt, wren names for marking clothing, traveling clock, rubber lined sponge bag, brush and comb bag, toothbrush case, suit case, handbag, carryall, foreign language phrase

books, leather medicine case, letter paper for foreign correspondence, traveling slippers in case, traveling toilet case, traveling sewing case, electric torch, volumes of Baedeker, fountain pen, indestructible pencils, pongee pajama suit, handy box of tags, twine, etc., silver soap case, leather book "My Travels" box of preserved ginger. Illustrated are the traveling slippers, neatly put up in a case, which are so comfortable for weary feet. Little brother must not be overlooked. For him are ice skates, rocking horse, skating shoes, roller skates, toy sailboat, top, train of cars, baseball, sled, bat, catcher's glove and mask.

football, baseball, cowboy, Indian or soldier suit, printing press, stamp album, marbles, books, boy scout uniform and hat, pair of rabbits, pair of moose, bow and arrow, blanketing outfit in leather case, back yard tent, Indian clubs, rubber stamp, reins, writing paper, stills, small desk, express cart, leather belt like father's, gloves, harmonica, small camera, dog collar, electric lattery and electric flash. Pictured is a lamp for brother's room or to study by if he's a college chap. It suggests any number of desirable electric lightings. Borrowell: "I lost an umbrella today." Cynicus: "Thasso? Whose was it?"

#### AUDITORIUM.

**“The Cherry Blossoms.”**  
The prettiest bouquet of beauties and the drollest show on route for which the Cherry Blossoms are famous. This attraction will be at the Auditorium tonight.

Excruciatingly funny is the two act comedy entitled “Yiddish Love” in which there is not a dull moment. Working with a vim to please their auditors, are a bunch of clever comedians, who will make you laugh at their absurdities and the ludicrous situations.

Seldom if ever has such an able aggregation of talented burlesquers been assembled in one company. Heading the list is Joseph K. Watson who is recognized as America's foremost impersonator of the Hebrew character as he is today. Mr. Watson does not degrade the character that he impersonates but makes him a clean cut Jewish character of real life. As his associates the management has been fortunate in securing such well known players as Billy Murray, “the little boy with the funny laugh,” Lew White, William Davis, Walter Austin, Lorraine Lillie, Frankie Niblo, Nellie Walker and a chorus of real beauties that can sing. The seat sale for tonight is quite large and a capacity house is looked for.

**Mme. Matzenauer.**  
Mme. Margarete Matzenauer, the great Metropolitan prima donna, who will appear at the Auditorium theatre at 8:15, December 12, had the following to say in a symposium of prominent women on the subject, “I didn't raise my boy to be a soldier.” “That would be worthy of being the new international motto,” suggested the prima donna, who is herself the mother of a three-year-old child.

“Why not let us mothers adopt this new slogan, and make it the battle cry of a new international peace plan. For wherever there are mothers, this cry will be taken up with fervor and enthusiasm. And there are mothers everywhere.”

“It is true that this cry is not absolutely relevant in any case, for Adrienne is a little girl, but that does not alter my sentiment, the slightest bit. If anything it strengthens it. For it makes me feel the deeper what it would mean to send my son out to kill.”

“I feel that as time goes on, the awakening of the moral sense in nations, which seems to be sleeping soundly, will bring about different methods from war of settling difficulties. But as long as we raise children to be soldiers, it necessarily follows that this period must actually be shoved further into the future.”

“I am an Austrian, my husband, Edoardo Ferrari-Fontana is an Italian, and Adrienne is an American. We live peaceably together and our chance nationality is the least essential of our many common interests. Why should it not be so with nations.”

“Above all nations is humanity,” is one way of expressing the sentiment for peace among nations. Let “I didn't raise my boy to be a soldier,” be the slogan among mothers, and the time that some still regard as the millennium will surely arrive soon.

#### ALHAMBRA.

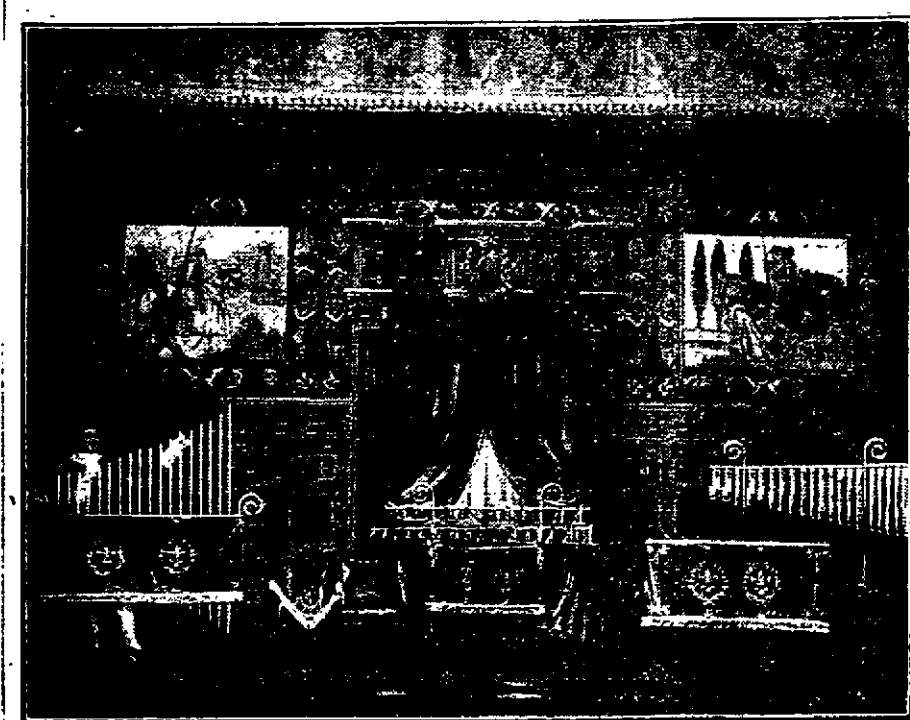

Mr. and Mrs. Lou Tellegen, (Geraldine Farrar,) during their engagements at the Lasky studio, sadly disrupted the brilliant co-starring duo, Cleo Ridgley and Wallace Reid, because those popular players alternately played opposite the other, and the announcement that the two stars will again appear together in the Jesse L. Lasky production of “The Yellow Pawn,” which will be the attraction at the Alhambra tonight and tomorrow, is the first one in several months.

Wallace Reid scored such a pronounced success as leading man for the famous diva in “Garden” and “Marie Rose,” that when she returned to the west for her summer's engagement, he was promptly cast to appear again as her leading man, while Miss Ridgley appeared as leading woman for Mr. Tellegen in “The Victory of Conscience” and “The Victoria Cross,” and would have played the part of his leading woman in “The Black Wolf,” but for the fact that the leading feminine role required a Spanish beauty entirely out of keeping with Miss Ridgley's wonderful blond halo.

“The Yellow Pawn” is a modern society drama dealing with studio life in New York City.

**“The Making of Mrs. Matt.”**  
The same May Robson, who has delighted thousands of theatergoers in years gone by, will be seen at the Auditorium theatre Saturday afternoon and evening in her new comedy, “The Making Over of Mrs. Matt.” The play is from the pen of that popular author, James Forbes, who knows how to write comedy that hits the public appetite. In this, his latest play, he has reached the zenith of his career. As a character actress May Robson is superb. Her exquisite style and poise, her smooth, nerve-smoothing voice and the rapidity with which she changes from the ludicrous to the emotional, always captivates and holds her audiences. “The Making Over of Mrs. Matt” is

his way to Chicago where he opens on the Western Vaudeville time, opening at the Majestic Theatre for one week and after that he opens on the Orpheum Circuit for 30 weeks. This is the only time that he will be seen in Newark this season. He will change his act each day during his stay in Newark. There will be a change of New Photo Play Daily the same Matinee at the Lyric always a good show at the same price of Admission.

### QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is expensive and cannot induce makes a delightful effervescent little water drink which every one should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Why is it that the people who have money to burn never carry any insurance on it?

BOWSER-ED REED  
ARGUMENT SHOULD  
PROVE A HUMMER

Bowser Stops Training — Says He's Ready—Reed Acclaims Himself the Victor.

Paul Bowser, world's middle-weight wrestling champion, is ready for his bout with Ed Reed, challenger, at the Music Hall Tuesday evening. Paul finished his training today and will now take things easy until Referee Webber calls "time."

Reports from Reed's training camp today, indicated that the man who claims Akron as his home, also was ready for the bout and feeling confident of winning.

While both men are claiming victory, the fans themselves are doing considerable speculating on the outcome. Opinion is divided. Some believe that Bowser will dispose of his man in less than 30 minutes, others look for the bout to go an hour, while some believe that Reed will secure one fall.

The first preliminary will be called promptly at 8:15 o'clock, the semi-final will follow immediately and the main go will probably be on between 8:45 and 9 o'clock. The ticket sale has been unusually heavy assuring a capacity house.

**PASTIME ALLEYS.**

There will be a Ten Pin Handicap tournament during the holiday season on these alleys. This will be a two-man affair, opening Monday, Dec. 11th and closing on New Year's Day. Entry fee \$1.00 per team. Wm. Brock won the box of cigars, for high score in the United League games last week, with 207. Edw. Wilson won the box of cigars for high score in the Pastime League games last week, with 210. D. A. Murphy won the box of cigars for high score in the K. of C. League games last week with 214. J. Gilcrest is high for the pair or shoes donated by the Rosenbach Shoe Co., for high score for the month with 245. Schedule for week, United League, Wednesday night:

Parish Co. vs. The When.  
Rutledge vs. Hermann.  
Pastime League—Thursday night:  
J. M. Mitchell vs. Miller P. Co.  
Sperry & Harris vs. The Hub.  
A. L. Norton vs. Rosenbach.  
K. of C. League—Friday night:  
Pirate vs. Red Sox.  
Braves vs. Tigers.  
Giants vs. Browns.

The Pastime team won from Dr. Barricks All Stars of Columbus by 86 pins Saturday night on the Pastime alleys. Though the scores were not up to those usually made, due mostly to splits, it was one of the most interesting contests ever seen on these alleys. The locals got off to a nice lead in the first game but lost it in the second, being two pins behind at the start of the final game when they hit their stride and romped in victors. Hawkins had high score and Schenk high average.

**BE PRETTY! TURN  
GRAY HAIR DARK**

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

IS STRUCK; NO  
ONE IS INJURED**

The machine driven by Dr. C. F.  
Legge was badly damaged Saturday  
night when it was struck by a Stude-  
baker machine driven by J. E.  
Conn who resides on a rural route  
out of Newark.

Dr. Legge and Mrs. Legge had just  
come up First street from the E. &  
O. station. As they slowed down  
before crossing the street car tracks  
driven by Mr. Conn collided with  
them.

Neither Mrs. Legge nor the doc-  
tor were injured but the machine  
was wrecked.

## Obituary

**Funeral of Mrs. Smyth.**  
The funeral of Mrs. James R.  
Smyth of East Main street was held  
at the church of the Blessed Sacra-  
ment at 9 o'clock Monday morning  
and interment was made in Mt. Cal-  
vary cemetery.

**Mrs. Sarah Hollingsworth.**  
Mrs. Sarah Ann Hollingsworth,  
aged 48 years, wife of E. T. Hol-  
lingsworth, business manager of the  
Ohio Light and Power company, died  
early this morning at her home, 94  
Elmwood avenue, following an ill-  
ness of one week. Death was due to  
acute pneumonia. The body will be  
shipped to Marion, Ind., Tuesday  
morning for interment.

Sarah Ann Herbel, was born Sep-  
tember 4, 1868, at Pittsburgh. She  
was the daughter of the late Henry  
and Catherine Herbel. She was  
united in marriage to Mr. Hollings-  
worth, in 1891, in Marion, Ind. To  
this union was born two children,  
Kathryn and Martell, who survive  
her.

Mrs. Hollingsworth came to New-  
ark last August with her two daugh-  
ters, to make her home. Last Mon-  
day she was stricken with pneumo-  
nia which resulted in her death this  
morning. She is survived by her  
husband, two daughters, three sis-  
ters, Mrs. Arthur Morse, of Middle-  
ton, O., Mrs. W. H. Daniels, of Mar-  
ion, Ind., Mrs. H. K. Hamilton, of  
Arnold, Pa., and one brother, Ed-  
ward Herbel, of Marion, Ind.

**Miss Martha Griffith.**  
Miss Martha Griffith, a highly es-  
teemed woman, died at her late  
home in North Fifth street this  
morning at 1 o'clock. Five weeks  
ago, while visiting at the country  
home of her brother, Henry Griffith,  
Miss Martha was stricken with  
pneumonia. After ten days she was  
removed to her home and though all  
that medical science knew, was done  
for her, it was of no avail.

Miss Griffith was born December  
10, 1850 on the farm where she was  
stricken, and died one hour after  
passing her 66th birthday. She be-  
longed to a large family, though all  
passed into the beyond save one  
brother, Henry Griffith, and a sister,  
Mrs. Charlotte Jones of Dawn, Mo.,  
who was at her bedside when the  
final summons came. She leaves  
many nieces and nephews and hosts  
of friends who will mourn the loss  
of a kind friend.

Funeral services will be conducted  
by Rev. Grover L. Diehl at her late  
home in North Fifth street Wednes-  
day at 10 a. m. Burial in Cedar  
Hill. Friends will please omit  
flowers.

**Mrs. Adam Mulligan.**  
Mrs. Adam Mulligan died at the  
home of her son, J. R. Mulligan in  
Akron on Saturday evening at 7  
o'clock after an illness of cancer.  
She was aged 79 years, 6 months and  
5 days.

The body was brought to Newark  
Sunday by Undertaker Clarence Egan  
and will be taken to the home of Mrs.  
O'Neill, 29 Webb street.

The deceased is survived by five  
sons, Hugh S. of Indianapolis; J. H.  
Mulligan, Akron; J. A. Mulligan of  
Canada, and W. A. and T. J. Mulli-  
gan of Newark, and four daughters,  
Miss Ellen Mulligan of Newark, Mrs.  
George Musibum of Sandusky, Mrs.  
Mary Burkett of Cleveland and Mrs.  
Celia McConnell of Newark.

**Card of Thanks.**  
We kindly thank our friends and  
neighbors for their assistance dur-  
ing the sickness and death of our be-  
loved wife and mother, Mary J.  
Wharton. We also thank Rev. A. B.  
Cox for his kind and consoling  
words, the choir for the beautiful  
selections, for the beautiful floral of-  
ferings and do we also thank our  
dear neighbor and friend Mrs. Ed.  
Lowery for her kindness towards  
mother, always ready to help in any-  
way. Husband Daughter and Grand-  
children. 12-11-1t\*

**B. & O. Veterans  
Will Have Turkey  
Dinner Thursday**

The B. and O. veteran employes  
association will enjoy a turkey din-  
ner Thursday evening from 7 to 8:30  
p. m. in the social rooms of the M.  
E. church according to announce-  
ment made this morning by the pres-  
ident, E. L. Weisgerber and the sec-  
retary, J. S. Price. All members of  
the association in good standing will  
be entitled to two plates at the sup-  
per.

**MARINE INSURANCE CO.**  
New York, Dec. 11.—Marine under-  
writers received word today that war  
risk insurance in London had been  
advanced from five to ten per cent  
for trans-Atlantic and Cape of Good  
Hope trade, due to the announcement  
that a German commerce raider was  
at large. It was said that the New  
York rates would probably follow the  
London lead.

## FLORIST PLACES NOVEL DISPLAY IN SHOW WINDOW

A clever window display at the  
Kent Brothers' floral shop in West  
Church street is attracting much at-  
tention. This firm is a member of  
an association which makes it pos-  
sible to send flowers to any point  
in the United States within twelve  
hours. The window conveys this idea  
to the spectator.

A miniature floral shop occupies  
the center of the window with Chi-  
cago station on one side and New  
York on the other. The floor of  
the window is moss and on each of  
the sides of the floral shop is a min-  
iature cherry tree. Miniature tele-  
phone and telegraph equipment sur-  
rounds the buildings and with the  
flowers the window is very attrac-  
tive. One can order flowers and pay  
Kents for them and they will be dis-  
tributed through their agents in any  
city desired.

## 40 Hours Devotion Catholic Church Opens Tuesday

Forty Hours Devotion will open  
at St. Francis de Sales church on  
Tuesday morning at 8:00 o'clock  
when the pastor, Rev. Father B. M.  
Boylan will celebrate the high mass  
and the procession of the  
Blessed Sacrament will be held.  
Father O'Boylan will be assisted  
by Rev. Father Ruane, assistant pas-  
tor; Rev. Father Watterson, of the  
Blessed Sacrament church, and Rev.  
Fathers Pietz, of Columbus, Dunne  
of Junction City, L. P. Mulhane of  
Mt. Vernon, Minister of Calmontier,  
O., Fagan of Millersburg and O'Brien  
of Johnstown.

The exposition of the Blessed  
Sacrament will continue until high  
mass Thursday morning at 8:00  
o'clock and there will be services at  
7:00 o'clock Tuesday and Wednes-  
day evenings.

## Old Newark Boy Aids In Development of New Business

E. L. Woolway, a former Newark  
boy, now located in Sidney Aus-  
tralia, is one of the young men who  
has seen the handwriting on the wall  
and while the European war is rag-  
ing, is doing his share to build up  
for Australia new trade sources. He  
is associated with the International  
Trade Developer, a magazine issued  
as a medium between buyers and  
producers.

A copy of this magazine has been  
received at this office and it con-  
tains advertisements of hundreds of  
American firms many from Ohio and  
some from Newark. The Advance  
Glass Company, cathedral and rough  
glass, and the Newark Stamping and  
Foundry Co., both Newark institu-  
tions, are carrying advertisements in  
the current issue.

Mr. Woolway is a son of S. Wool-  
way, a former building contractor.  
He has been in Australia for several  
years.

## FEAST OF DEDICATION.

The Feast of Dedication (Chan-  
nukah) commences at sundown  
Tuesday, December 19th, and lasts  
for eight days. It celebrates the suc-  
cessful ending of a war against reli-  
gious tyranny. Its predominant  
message, therefore, is religious liber-  
ty.

The holiday is marked by special  
prayers of thanks and psalms of  
praise inserted into the daily ritual,  
and by the kindling of the Chanu-  
kah lights. The usual custom is to  
light one light on the first day, two  
on the second, three on the third,  
and so on, adding one each succes-  
sive day of the feast.

## Value of Education.

"Every day spent in school the chil-  
dren earn \$9."

This statement was made by Wis-  
consin's state superintendent, who  
bases his estimate on the official re-  
cords of the bureau of education at  
Washington. Here is what he offers  
as proof of the statement:

"Uneducated laborers earn on the  
average \$500 a year for forty years, a  
total of \$20,000.

"High school graduates earn on an  
average \$1,000 a year for forty years,  
a total of \$40,000.

"This education requires twelve years  
of school of 180 days each, a total of  
2,160 days. If 2,160 days at school add  
\$20,000 to the income for life, then  
each day at school adds \$9.02.

"Forceful as this summarization of  
earnings is," said the superintendent,  
"it tells but one side of the story—the  
money side. Back of this can be seen  
improved standards of living, more in-  
telligent and progressive communities  
and a stronger national life."—Chica-  
go Herald.

## The Christmas Shop of Useful Gift Articles

### Don't Let Gifts Be a Mockery

We all understand, of course, that one of the great things about Christmas gifts is the sentiment behind the gift. But at the same time a little common sense and real sincere understanding and appreciation of conditions is always worth considering. For instance, don't send a really needless gift to some needy person. Better send something in the way of wearing apparel, and this can be done with tact so it will not give offense. This store at present is replete with Christmas suggestions.

### Any Woman Would Appreciate a Plush Coat

Without a doubt, we are showing the largest and finest assortment of Plush Coats in the city. Beautiful styles tailored from Salt's Seal Plush, Esquimette and Silky Haffin Seal. Mother, wife, or sister would appreciate one of these garments for they know that style and long service are combined in a really, good plush coat—and these are the only kind we sell. Many models at—

\$15.95—\$22.95—\$26.95—\$29.95—\$34.95

### A RAINCOAT

Nothing you could give would be more serviceable than a durable raincoat. They are a protection to the clothing and guard the health as well. We are showing a comprehensive range of models in the season's desirable materials. Raincoats are in great demand at Christmas, so we advise early selection—

\$3.50 to \$15.00

### A PRETTY SERGE DRESS

Would gladden the heart of any woman—old or young. Here you may select from a score of the newer styles; fashioned from French or Storm Serge. Some have collars and cuffs of white broadcloth edged with Beaver fur, others show designs of wool embroidery, and some are plainly tailored. Priced at—

\$6.95 to \$15.00

### Furs Should Be Bought Early

Nothing will be gained by waiting. Each day assortments grow less. Tomorrow, we place our entire reserve stock on display so you will have an unusually large assortment to select from. Many people are picking out the set or piece they desire, paying a small deposit and having them laid away until Christmas. Why don't you do the same?

## "FEEL AS GOOD AS NEW," DECLARED MRS. ELLA COEN

### NERV-WORTH USER PRAISED TONIC TO DRUGGIST T. J. EVANS.

Druggist T. J. Evans continues to guarantee Nerv-Worth, to sell in large quantities and to receive verbal and written praise from its grateful users. The following shows the character of endorsements which he receives from grateful Nerv-Worth users:

"This is to testify that I have used Nerv-Worth and have received very good results with it. I took it for a run-down condition and was so tired all the time. I was as tired when I got up in the morning as when I went to bed.

"But after taking Nerv-Worth I have been greatly benefited and feel as good as new and my appetite is much better.

"My husband is also taking Nerv-Worth now for a general tonic and has received the very best results.

"I can heartily recommend it for a nervous tonic.

"(MRS.) ELLA COEN.

"50 Spring Street."

Nerv-Worth is also for sale at the following out-of-town drug stores: Hebron Drug Store, Hebron; Ultra Drug Co., Ulta; W. P. Ullman's, Granville.—Advertisement. 12-8-11

## SPIRITUALISM IS FORBIDDEN BY THE SCRIPTURES

"The dead are unconscious. They know not anything. And those who pretend to communicate with them by means of spiritism, clairvoyance, palmistry, fortune telling and other deception and seductive methods, come directly into contact with fallen angels who are under the direction of the devil himself," declared Evangelist H. A. Weaver last night, before a large audience at the Adventist church, on the subject of "Spiritualism, Is It Of God, Devil, or Man?"

None need be deceived by the lying claims of Spiritualism. God has given the world sufficient light to enable them to discover the snare. The theory which forms the very foundation of Spiritualism is at war with the plainest statements of Scripture. The Bible declares that the dead know not anything, that their thoughts have perished; they have no part in anything that is done under the sun; they know nothing of the joys or sorrows of those who were dearest to them on earth. Furthermore, God has expressly

## "NEWSIES" GUESTS OF THE EAGLES AT MINSTREL SHOW.

An invitation to all carrier boys of the Advocate and Tribune to attend the Eagle minstrel Thursday evening is extended by Charles Duerr, of the minstrel committee, that gentlemen requesting that they be the Eagles' guests. It is unnecessary to add that the invitation is appreciated and will be accepted for the newbies are strong for minstrels. That they will have a good time goes without saying and they will be enthusiastic boosters for the Eagles at all times.

Forbidden all pretended communication with departed spirits. In the days of the Hebrews there was a class of people who claimed, as do the Spiritualists of today, to hold communication with the dead. But the "familiar spirits," as these visitants from other worlds were called, are declared by the Bible to be the "spirits of devils." The work of dealing with familiar spirits was pronounced an abomination to the Lord, and was solemnly forbidden under penalty of death. The very name of witchcraft is now held in contempt. The claim that men can hold intercourse with evil spirits is regarded as a fable of the Dark Ages. But Spiritualism, which numbers its converts by hundreds of thousands, yea, by millions, which has made its way into scientific circles, which has invaded churches, and has found favor in legislative bodies, and even in the courts of kings.—This mammoth deception is but a revival, in new disguise, of the witchcraft condemned and prohibited of old.

It was announced that Mrs. Weaver will deliver the address next Sunday night on "The Message of the Book of Revelation."

## WILL RENDER SOLO FOR THE EAGLE SHOW

The seat sale for the Eagle minstrel to be staged Thursday and Friday of this week, opened at the box office of the Auditorium theatre this morning and there was an eager rush for choice seats. The Eagle show this year will far eclipse their effort of last year and the indications

FRANK STREAR, Vocalist.

are that there will be a complete sell out for both performances. There are still many choice seats left, which can be secured at the box office of the theatre.

The cast includes many of the city's well known young men, and a number have had previous experience. Among the ballad singers is Frank Strear, known as "the sweet voiced singer," who has been heard in public on numerous occasions and who was formerly vocalist for the famous Buckeye band of this city. Mr. Strear's selection is "Turn Back the Universe and Give Me Yesterday." He has been engaged to sing for the Moose minstrel at Cambridge Christmas matinee and night.

## Solved at Last.

"This is about the worst dinner I ever sat down to," he said as he surveyed the table, "but I suppose I ought to make certain allowances."

"Yes, John," replied his wife. "If you would make certain allowances you would have no occasion to find fault with your food."—London Tit-Bits.

## UREMIC POISON CAUSES DEATH OF GEO. SPENCER

George Spencer, aged 50 years, who has been unconscious at the city hospital for the past week suffering from uremic coma, died Saturday night. The body was removed to the Bradley undertaking parlors in North Fourth street and prepared for burial. A. L. Smith, a brother-in-law of the deceased arrived in Newark last night from Indiana and will have the body shipped to Muncie, Ind., Tuesday morning where interment will be made. Spencer's case was one of the most baffling that has come before the local medical profession for some time. He was found unconscious a week ago in his room at a Utica boarding house. Physicians of that village were unable to diagnose the case and Spencer was hurried to the city hospital in Bradley's ambulance. His condition improved after he had been at the institution causing the attending physician to believe that the patient would recover, despite the theory that recoveries from the disease were rare. Spencer has three children residing in Muncie.

## LETTERS FROM GERMAN CONSUL GIVEN TO COURT

(Associated Press Telegram) San Francisco, Dec. 11.—Letters and original copies of telegrams alleged to have been written by some defendants in the case of Franz Bohn, German counsel general here, and six others charged with having violated the neutrality of the United States by conspiring to destroy commerce and navigation of the entire allies, were ready to be acted upon by the government today at the opening of the second week of the trial. Federal prosecutors said they hoped by the admission of the communications to prove that orders for the destruction of bridges and tunnels in Canada and the explosion of a dynamite barge in Seattle harbor last year came direct from German consular offices here.

Hoax—"They serve their own ends." Hoax—"What do?" Hoax—"Hats and shoes."

## With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.—Advertisement.

## Youths Held In Custody; One Had Gun and Shells

Police Sergeant Goff and Patrolman Jones, last night arrested a trio of prize provocateurs, at the Pennsylvania railroad station and are holding them for the Mansfield police. When looked at the city prison the trio consisting of two boys and a man told some thrilling tales to the officers which later proved to be "pipe dreams."

The boys gave the names of Russell Mountain, aged 15, care of 241 South Wood street, and Roy Arding, of 114 West Second street, Mansfield, O. The man gave the name of J. W. Regan, an electrical contractor, employed at the Smith Engine company, at Lexington.

Chief of Police Sheridan telephoned Chief Fennel, at Mansfield and learned that Regan was a "dope" head, an only recently released from the Mansfield jail.

Mountain, when searched at the station had in his possession a revolver and 75 cartridges.

## FEDERAL PROBE INTO NEWS PRINT OPENED TUESDAY

(Associated Press Telegram) Washington, Dec. 11.—The inquiry into all conditions that effect news-print paper prices to be made by the Federal Trade Commission at a public hearing here tomorrow, it was announced today, will go into the reasonableness of contract and current prices, costs and profits of publishers, factors affecting the supply and demand and remedies for the situation.

At a previous hearing during the summer, paper users declared they would later present evidence to show there had been collusion among news print producers to raise prices.

Manufacturers, jobbers, publishers and others interested will testify tomorrow. Among those expected here is George H. Mead, of Boston, O.

LAD FATALLY SHOT.

Zanesville, O., December 11.—Edman Grass, eleven-year-old son of Mr. and Mrs. M. D. Grass, of Willis Creek, was fatally wounded yesterday when a 22-caliber rifle with which he and William Leecraft, aged 11, were playing, was accidentally discharged. The bullet struck the lad in the lower portion of the abdomen. He was taken to a Coshonoh hospital, where it is said he is in a dying condition.
